EDUCATION

I have lead more than 1900 training-class days for adults – about 40% in English language.
Every year I attend at least a five-day train-the-trainer seminar for my personal development.

TEAM WORK

I have worked in various types of project-teams to develop software products and to implement enterprise network solutions – sized from 5 up to 300 project members.

**TECHNICAL SKILLS
AND COMPETENCES**

Competent with Microsoft technologies – specialized in MS Exchange and MS Active Directory since 1995.

Competent with networking technologies – specialized in Cisco products since 1999.

Specialized in network security since 2001.

Specialized in Voice over IP and Cisco Unified Communications Manager since 2004.

Major activities within the last five years:

Design and implement complex enterprise networks (layer 1 - 7).

Design and implement advanced network protocols (LAN, WAN and QoS).

Cisco network device configuration (router, switches, security appliances, service modules).

Design and implement complex network routing (RIP, OSPF, EIGRP, ISIS and BGP).

Design and implement advanced network security (PIX, ASA, NAC, MARS, IPS, VPN and content filter).

Design and implement advanced provider services (MPLS and multicast routing).

Design and implement complex Voice over IP solutions (Callmanager, Unity, IPCC, Gatekeeper and voice gateways).

Analyze and prototype complex network scenarios.

Design and implement complex wireless LAN networks.

LICENSES

Austrian driving license level A and B, private pilot license, skydiving license, scuba diving license.

ADDITIONAL INFORMATION

PERSONAL INTERESTS

I enjoy all kinds of sport and sky-activities – for now I have more than 750 skydive jumps.

I also like to travel and to experience different cultures.
